

Please print, complete and include with your print(s) inside poster tube or mailing envelope or box when sending your orders to ColorplakExpress.

Please read and follow these 7 steps. For assistance, email us at info@Colorplakexpress.com or go to our Contact Us Page at www.Colorplakexpress.com.

1. Enter a title or short description for each print to be Colorplaked below. Measure length and width of each print in inches (up to 1/8" in accuracy) and enter these below under L and W. Multiply length by width and enter total square inches under "SI." If size is over 1,440 square inches please email us for processing and freight estimate.
2. Indicate your selection of Colorplak framing style by entering "ColorLite" or "ColorFloat" under "Style".
3. Indicate your selection of edge color by entering the letter(s) found in the Style & Color portion of the website.
4. Go to the Quick Price Calculator on our website and if you type in the Length and Width, it will calculate the price for you. You can print that price calculation or just note the price and indicate it in the price box.
5. Enter the condition of the print, artwork or photo under "Condition" as clean, otherwise enter any defects, tears or blemishes it may have. The Colorplak process will not eliminate defects already on the print.
6. Continue Steps 1 to 5 for each of the rest of your prints in this Order Form. If sending in more than one of the SAME print enter only once and just indicate the number under "Quantity".
7. Complete the Ship To and Payment Information and enclose your prints with this completed Order Form inside a sturdy cardboard mailer or tube and send to:

Disclaimer:

We guarantee satisfaction. In the event of damage to a widely published print or poster, we will do our best to acquire an identical print or poster as a replacement (up to our Limited Liability of \$50 per print). Colorplak is not responsible for items lost by the US Postal Service or other delivery service providers. Once ready, we exercise great care in packaging and shipping the finished Colorplak product. In the rare instance when a piece arrives damaged by the delivery service, we will repair any minor damage to mint condition (when possible) or refund or credit the Colorplak process and cost of image (up to our Limited Liability of \$50 per print).

Initial below if you're sending us an irreplaceable item

For owners of limited edition prints, original art and collectible material, signed original art or autographed prints, rare photographs where negatives do not exist, prints in old or delicate condition, artwork on delicate paper or acetate; please note that the Colorplak process is permanent and irreversible. We will Colorplak such work only if the job is accompanied with a signed release (please initial the release box on this Order Form).
